Summary

Senior UX/UI Designer with 8+ years of experience creating scalable, multi-platform digital experiences that unify design and development. Expert in design systems, cross-device workflows, and accessibility (WCAG compliance). Proven leader in defining UI vision, driving data-informed iteration, and aligning design with business strategy. Known for collaborative problem-solving, inclusive design practices, and delivering user experiences that balance innovation with usability.

Core Competencies

- Design Systems & Governance
- UI/UX Strategy (Web, Mobile)
- Accessibility (WCAG)
- UX Research & Prototyping
- Agile Collaboration
- Figma, Sketch, Adobe CC
- HTML/CSS, React, Vue
- Stakeholder Alignment & Leadership

Professional Experience

Senior UI Designer, Wheels, Inc. (Apr 2024 – Present)

- Unified three companies under a single design system, delivering 60+ KendoReact components and a feature-rich data grid.
- Established parity between Figma, ThemeBuilder, and Storybook, reducing design–dev churn and improving consistency.
- Partnered with engineering to optimize workflows, cutting implementation time by 50%.
- Applied WCAG AA compliance across 10+ components, significantly improving accessibility.
- Delivered executive-level presentations influencing product strategy and stakeholder alignment.
- Mentored designers through Figma onboarding and system adoption, fostering a design-thinking culture.

UI/UX Designer II, Wheels, Inc. (Aug 2020 – Apr 2024)

- Spearheaded migration to Figma and trained cross-functional teams, accelerating design adoption.
- Designed scalable UI components for multi-platform deployment, improving speed and consistency.
- Directed flagship platform redesign, creating a unified user experience across web and mobile.
- Embedded accessibility standards into design workflows to meet WCAG compliance.

Design Consultant, Purdue University Northwest (Feb 2023 – Apr 2023)

- Led redesign of NLN Center of Excellence application, securing stakeholder buy-in through high-fidelity prototypes.

UX/UI Designer, Central Wire Industries (Apr 2019 – Mar 2020)

- Developed design governance documentation and partnered with developers to deliver scalable UI solutions.

Visual Designer, Palko Distributing Inc. (Nov 2018 – Apr 2019)

- Enhanced digital and print branding using A/B testing to improve engagement.

UX/UI Designer & Communications Specialist, Oliver Gospel Mission (Oct 2017 – Jun 2018)

- Redesigned website and app for improved accessibility and communication effectiveness.

UX/UI Designer + Graphic Designer | Financial Eagle (Jun 2016 – Aug 2017)

- Created responsive UI for financial tools and redesigned brand assets to improve usability.

Education

MA Graphic & Web Design, Minneapolis College of Art & Design (2023)

BS Communications, Columbia International University (2016)
